## Cohen's Lottery &amp; Exchange Office.

HOC SIGNO FORTUNA.

BALTIMORE, THURSDAY, January 9, 1823.

**Rise of Tickets.**

There were no prizes drawn in the STATE LOTTERY yesterday afternoon, higher than *One Hundred Dollars*—of the three which were drawn two fell to distant adventurers and both of them sold at COHEN'S OFFICE, No. 2351 to a gentleman at Petersburg, Virginia, and No. 7578 to a gentleman at Philadelphia. The smaller prizes were variously distributed. Only seven drawings more remain to complete the scheme, and in consequence of the improved state of the wheel for adventurers, and the small number of tickets now on hand, THE PRICE WILL BE ADVANCED to TWELVE DOLLARS on Wednesday next, the 15th inst. All orders addressed to COHEN'S OFFICE previous to that time, will be supplied at the present rate of TEN DOLLARS. Small prizes should be renewed immediately—all the Capital prizes are still undrawn.

**Remarkable Lottery Incident.**

We extract the following from the *Norfolk Herald* of Monday last, the circumstances mentioned, are correct, as we received in substance the same information from our office at Richmond, as given in the letter from Mr. Lyford's correspondent.

*Extract of a letter dated Richmond, Jan. 5th to Mr. Lyford, of the Commercial Reading Rooms.*

"No. 2929 the \$100,000 is owned by Mr. Chastine Clark, of the firm of C. & G. Clark auctioneers of this city—and what is singular and very remarkable he called at the different lottery offices in this city last summer to endeavor to get that particular number, stating that he had the night previous dreamt that it had drawn the \$100,000 prize, and that he had seen it announced on a show board in large figures. The ticket not being in town he urged Mr. James and Mr. Cohen to send for it. They did—Gillespie procured it for him—and he has been so confident ever since that it would draw the \$100,000 that he manifested no agitation on the fact being announced to him—There is no doubt of what I have told you being true; Mr. Cohen and Mr. James both testify to it; as well as many others. No other ticket in the same 1000 tickets was at that time sold—nor would the fortunate one have been, had it not been specially ordered.

"A share of 5591, the \$25,000 prize, was ordered through Cohen's office here, by a gentleman of this city."

**To our distant Patrons.**

The Register is regularly sent by mail, to all those who expressed their wishes to be served with it, during the drawing of the State Lottery. Should a paper at any time fail in reaching its destination, by informing us, we will immediately forward a duplicate.

**Imported Wheat.**—The Meteor, arrived at New York, has brought from Liverpool, 2000 bushels of Baltic wheat, and the Magnet, which sailed in company, has 4000 bushels more. The present price of that article is such as to ensure a profit on the importation of that novel kind of foreign goods in our markets.

**Agriculture.**—An act has passed the legislature of North Carolina, appropriating \$5,000 annually for two years, to be distributed among the several counties in the state, for the advancement of the science of Agriculture.

UNITED STATES BANK.—A dividend of two and an half per cent for the last six months, on the Capital Stock of this Institution, was declared on the 6th inst. and at an election held on the same day at the Banking House, in Philadelphia, the following gentlemen were appointed directors for the year 1823, viz:

**Piracy.**—The brig Sarah, captain Stinchcomb, of Montego Bay, Jamaica, which arrived at New York on Friday, was boarded on the 12th December off Cape Antonio by a piratical schooner, and robbed of boats, rigging &c. The crew were cruelly treated, under the expectation of extorting a confession that there was money concealed on board, and the captain was hung up by the neck until he was supposed to be dead. On parting with the pirates, they told him they should keep a good look out for the schooner Macdonough, Ryan, of and for New York, which was to sail from Montego Bay in 10 days after the Sarah.

We understand (says the National Intelligencer) that the Senate on Friday, by an unanimous vote, advised and consented to the ratification of the Convention concluded during the last year, between the United States and Great Britain, under the mediation of the Emperor of Russia, to prescribe the mode by which the first article of the Treaty of Ghent shall be carried into effect, in conformity with the decision of his Imperial Majesty.

**AMERICAN MANUFACTURES.**

The Providence Journal of the 30th December has the following gratifying paragraph:

We learn that the orders now in this place, for the purchase of brown cotton cloths, for exportation to foreign markets, anticipate the actual manufacture of those cloths. The steady prices maintained, notwithstanding the additional machinery which has lately been put into operation, form a pretty convincing proof that our informant is correct. It could not be otherwise, when single invoices are called for, of from one hundred to one hundred and fifty bales each. It is now almost a year since the first considerable shipments of domestic cotton cloths were made to South America. The increased and increasing calls for such goods, at the present moment, when the results of first adventures are ascertained, justify the conclusion, that those shipments were profitable.

**Latest Foreign Intelligence.**

*Extracts from French and English Journals, received by the Montano, at New York, from Havre to the 21st of November.*

LONDON, Nov. 15.—We learn from Verona, that the plenipotentiaries of the different Courts met on the 31st Oct. Prince Metternich presiding. England was represented by the Duke of Wellington; Austria by Prince Metternich and Baron Lebzelton; Russia by Count Nesselrode, Count Lieven, Gen. Pozzo di Borgo, and Prince Tatischeff; France by Viscounts Montmorency, Chateaubriand, the Marquis de Caranum and Count Fononays; Prussia by Count de Bernstoff. Mr. Geatz performed the duties of Secretary General of the Congress.

A letter from Havre, dated 21st November, from an official source, says:—"We have news from Verona, of the 10th inst. from which it would appear that the Allied Powers have prepared their Manifesto relative to Spain, but delay publishing it until the arrival of further information from Madrid. All is therefore uncertainty, but still the probability of war seems now very remote, and we do not think it can be safely calculated on."

The famous Hunt made his formal entry into London, Nov. 10th, with a cavalcade of 10,000 horsemen, chariots, banners, inscriptions, &c.

His Majesty the Emperor of Russia, highly pleased with a work on *judiciary administration*, written by Baron de Maltitz, Secretary of his legation in the United States, has created the author a Knight of the Order of St. Vladimir.

The election in France had terminated by the choice of a large majority of Royalists. M. Hyde de Neuville, was elected a deputy from Nièvre; La Fayette was re-elected at Maux, by a small majority. Mr. B. Constant lost his election.

An eruption of Vesuvius took place on the 23d Oct. The lava which fell in the direction of Regina covered the ground to a great extent.

**Miscellaneous Intelligence.**

The President's Levee, on New Year's Day, was finely attended. Among the personages who attracted the most attention, were the Mexican Ambassador and his suite, and four fine looking Cherokees, who, says the Washington Republican, having exchanged the costume of the wilderness for the dress of civilized society, by the ease and dignity of their manners, appeared to make a universal and favorable impression.

**Patent Trap Lock.**—An ingenious mechanic in Philadelphia has invented an improved *Safety Lock* to which he has given the above name. This new invented Lock is intended for the outside doors of public buildings, stores and private houses, and will greatly add to the security of the vaults of banks iron chests, &c. One of the peculiar advantages set forth in this Lock, is a contrivance by which any key, but its own, being introduced into the Lock, is made fast and cannot be removed by the knave who for dishonest purposes had introduced it. The construction of the Lock is said to be simple, and yet such that if five hundred locks and keys were made, no key would open any one for which it was originally made. It is pronounced a perfect safe-guard against Pick-locks.

The crowd at the Boston Theatre, to witness the performances of Mr. MATHEWS, being greater than could be accommodated, the managers have adopted the practice of selling the Tickets by auction. On Friday, the box tickets were sold in this way, at Merchants' Hall, at a handsome advance on the regular price.

The popularity which this Scheme has deservedly acquired was anticipated from its arrangement.

## There is no possible Risk

during the whole drawing, which gives to the adventurer a certain chance for every prize in the lottery, without a possibility of loss, until the whole Scheme is completed. Besides the great Capitals, there are the usual full proportion of *Thousands, Hundreds, Fifties, &c.* and no less than

## Five Thousand Ten Dollar Prizes!!

Adventurers not yet supplied with chances should lose no time in procuring them, because the present price of tickets is low, and because they will certainly soon become scarce—the great Floating Capitals still remaining undrawn,

## Tickets will rise the 15th inst.

To TWELVE DOLLARS—therefore, without delay, send on for Tickets or Shares, while they can be had, warranted undrawn, at TEN DOLLARS each, and Shares in proportion, at

# COHEN'S

**Lottery and Exchange-Office, 114, Market-street—Baltimore;**  
Where more Capital Prizes have been sold than at any other office in America, and where unparalleled success to distant adventurers still continues. In the two last STATE LOTTERIES, it will be recollected that the great Capital of 40,000 dollars was sold to a gentleman in Albemarle County, Virginia—the 10,000 dollar prize to a gentleman in Lancaster, Ohio, besides no less than SEVEN CAPITALS of 5,000 DOLLARS each, to various parts of the Union.

In the MONUMENT LOTTERY, which was completed in Baltimore a few weeks ago, the TWO HIGHEST CAPITALS in the Scheme were sold at COHEN'S OFFICE, viz:—the 30,000 dollar prize to a gentleman in Alexandria; and One Half of the 20,000 dollar prize (which was sold in Shares) to a gentleman of Norfolk, Virginia, besides a 5,000 dollar prize to a gentleman in Philadelphia—and numerous prizes of One Thousand Dollars, &c. &c.

**Orders from any part of the United States,**  
either by mail (post paid) or by private conveyance, inclosing the Cash or Prizes in any of the Baltimore Lotteries, will meet the same prompt and punctual attention as if on personal application addressed to

**J. I. COHEN, Jr.—Baltimore.**

••• COHEN'S "Lottery Gazette and Register," which is published every Week, will contain the Official List of each drawing, and will be forwarded throughout the Lottery, gratis, to all who purchase their Tickets at COHEN'S OFFICE. Those who wish to receive the drawings will mention it when they send on their orders.
